F. E. C. A. A. MAY GIVE UP RACES.

New Chairman of the A. A. A. Trying to Get
Control of the Ormond-Daytona
Beach Racing Events.

There is some talk of turning the Ormond-Daytona race over to the American Automobile Association, and J. E. C. A. A. Thompson, the new chairman of the A. A. A. will endeavor to bring the race under direct control of that association. The matter will be brought up at some time next meeting of the Florida Race Club Automobile Association and the advantage of turning the race over will be discussed.

The New York Evening Star, of March 10, has the following:
"The New York Evening Star, which was a champion of the racing board of the American Automobile Association during the past year gained the approval of all automobilists, was yesterday displayed by the election of J. E. C. A. A. Thompson, a lawyer, of this city. Mr. Thompson had declined to accept the position, although his selection was said to be desired to end the office. As chairman of the racing board, Mr. Thompson will also be chairman of the American Oil commission and will have the task of arranging details of the great contest next fall. He is not widely known but has been interested in the sport for several years, having followed nearly every contest, from the Grand Prix in Europe. His friends say that he will make a vigorous and efficient officer and will bring with him a wide knowledge of the practical side of conducting automobile races."

The new chairman favors a small field of active automobilists as members of the racing board and may decide in favor of only five members, who can be depended upon to think and act quickly in emergencies. Mr. Thompson is expected to start racing, but favors competing on beaches, and will try to bring the Ormond-Daytona race under direct control of the A. A. A. He favors the use of the "Smokey" for the next Vanderbilt Cup race, but thinks there should be a change in the course to eliminate the dangerous corner near the Union Road.

Well Known Wednesday For Los Angeles, Cal., Where He Expects

The friends of Mr. Charles L. Swith, all regret to learn that he will leave the city next Wednesday for Los Angeles, Cal., where he expects to permanently locate.

Mr. Swith has long been a resident of Daytona, and he and his family for many years have been identified with the best interests of the city. In recent years he has acquired more and more in politics. He has served the city as Mayor, and the county as Representative in the Legislature.

Just what business Mr. Swith will pursue in California has not been decided upon, and for a while, at least, he will look after the interests of Daytona, and what will be the best for him to do.

MANY ARRIVALS FROM SOUTH.

Largest Crowd of the Season Arrives
Thursday Afternoon. Hotels
Are Still Well Filled.
Before and after the departure of the two train from the South, Thursday, the Florida East Coast Railway station, provided entertainment of a congenial nature. The number of departures were unusually large, and there were several to-day, and the crowd was very large. The incoming passengers were the greatest in number known this season, and it is thought that nearly 500 people came up from the lower East Coast points.

Would Certainly Pay.

It is thought that a great deal of the Clarendon, Florida, that an electric road from the beach to the depot would be a paying investment. Mr. Clarendon, who has been in the city for some time, is a resident of the city, and he is generally respected and well known in Daytona and in the beach.

Mr. C. M. Buchanan, Jr., has returned from a business trip to Jacksonville.

J. L. PATILLO WILL RUN.

Well Known Wednesday For Los Angeles, Cal., Where He Expects
To Locate Permanently.
J. L. Patillo will be a candidate for the position of county superintendent, before the coming Democratic Primary. Such was the information the press room reported to a representative of this paper.

Mr. Patillo was a candidate before the primary of 1901 but was defeated by Ben Fick. Now that Mr. Fick has finished his term, Mr. Patillo will again try for the prize.

EDUCATIONAL DAY ENJOYED.

Palmetto Club Had Interesting Program
Thursday Afternoon—Music and
Readings Especially Fine.

Thursday's meeting of the Palmetto Club was in charge of the Educational Department and was most enjoyable. There was an exhibition of sketches in water-color and pencil by the children of Miss Northrup, given in the public room. Also some very creditable poems of a club work.

The program was as follows:
1. Orchestra—Program from Emma May.
2. A Native—Chorus.
3. "The Butterfly"—Song.
4. A Native—Chorus.
5. A Native—Chorus.
6. A Native—Chorus.

The readings were most enjoyable, and the music was especially fine. Major Dunning, as usual, charmed all with his master touch.

Unable To Play.

Due to the rain of Monday, the members of the Daytona Baseball team have come to the conclusion that they will be unable to accept the challenge of the Daytona High School team for a game of baseball this afternoon. They expect to be able to play a series of games in April.

To Make A Park.

J. N. Standish, of Chairman of Every Day League, who owns a handsome residence and piece of land at Silver Beach, near the end of the South Bridge, has closed a contract with John C. Butler, of Daytona Beach, to build the five-acre tract of land in front of his home, on the river front, and beautify the property to such an extent that will make it a beautiful park. After the land is cleared, many improvements in the way of ornamental walks, etc., will be made.

F. E. C. A. A. MAY GIVE UP RACES.

New Chairman of the A. A. A. Trying to Get
Control of the Ormond-Daytona
Beach Racing Events.

There is some talk of turning the Ormond-Daytona races over to the American Automobile Association, and J. De M. Thompson, the new chairman of the A. A. A., will endeavor to bring the races under direct control of that association.

The matter will be brought up at some future meeting of the Florida East Coast Automobile Association and the advisability of turning the races over will be discussed.

The New York Evening Sun, of March 9th, has the following:

Robert Lee Morrell, whose work as chairman of the racing board of the American Automobile Association during the past year gained the approval of all automobilists, was yesterday displaced by the election of Jefferson de Mont Thompson, a lawyer, of this city. Mr. Morrell flatly declined to serve again, although his re-election was assured had he desired to retain the office.

As chairman of the racing board, Mr. Thompson will also be chairman of the Vanderbilt Cup commission and will have the task of arranging details of the great contest next fall. He is not widely known but has been interested in the sport for several years, having witnessed nearly every contest for the Bennett Cup in Europe. His friends say that he will make a vigorous and efficient officer and will bring with him a wide knowledge of the practical side of conducting automobile races.

The new chairman favors a small body of active automobilists as members of the racing board and may decline in favor of only five members who

can be depended upon to think and act quickly in emergencies. Mr. Thompson is opposed to track racing, but favors competition on beaches, and will try to bring the Ormond-Daytona carnival under direct control of the A. A. A. He favors the use of the Nassau course for the next Vanderbilt Cup race, but thinks there should be a change in the course to eliminate the dangerous curves near the Guinea Woods.

Entertained.

Mr. and Mrs. Asa Paine, at their comfortable home on Ridgewood avenue, entertained in honor of a party of Minnesota people, among them being Mr. and Mrs. John W. Thomas and their two daughters, Misses Nellie and Alberta, also Mrs. J. M. Paine and Miss Ellen Paine, of Boston. The luncheon was quite elaborate and greatly enjoyed. The room was beautifully decorated with tropical plants.

To Make a Park.

J. N. Gamble, of Cincinnati, of Ivory Soap fame, who owns a handsome residence and piece of land at Silver Beach near the end of the South Bridge, has closed a contract with John C. Butler, of Daytona Beach, to clear the five-acre tract of land in front of his home on the river front, and beautify the property to such an extent that will make it a handsome park. After the land is cleared, many improvements in the way of cement walks, etc., will be made.

EX-MAYOR SMITH LEAVES SOON.

Well Depart Wednesday for Los Angeles, Cal., Where He Expects To Locate Permanently.

The friends of Hon. Charles L. Smith will regret to learn that he will leave the city next Wednesday for Los Angeles, Cal., where he expects to permanently locate.

Mr. Smith has long been a resident of Daytona, and he and his family for many years have been identified with the best interests of the city.

In recent years he has figured more or less in politics. He has served the city as Mayor, also the county as Representative in the Legislature.

Just what business Mr. Smith will pursue in California he has not decided upon, and for a while, at least, he will look into the channels of business, and see what will be the best for him to embark in.

A liberal reward will be paid at this office for the return of diamond ring stolen from peninsular home Wednesday night, March 10th.

Mr. and Mrs. J. N. Battendorf, of Cleveland, Ohio, arrived at the New Seaside Inn on Thursday, where they expect to spend some time.

MANY ARRIVALS FROM SOUTH.

Largest Crowd of the Season Arrives Thursday Afternoon—Hotels Are Still Well Filled.

Before and after the departure of the two trains from the South Thursday, the Florida East Coast Railway station presented somewhat of a congested scene. The number of departures were unusually heavy, and there were seventy-five pieces of baggage that were northbound. The incoming passengers were the greatest in number known this season, and it is thought that nearly 150 people came up from the lower East Coast resorts.

Would Certainly Pay.

R. T. Coleman, who is a guest of The Clarendon, thinks that an electric road from the beach to the depot would be a paying investment. Mr. Coleman, who hails from Louisville, Ky., arrived a day or two ago from Rockledge, accompanied by his wife. He says that Rockledge is practically deserted, and he was greatly surprised to see so much activity in Daytona and at the beach.

Col. C. M. Bingham, Jr., has returned from a business trip to Jacksonville.

J. L. PATTILLO WILL RUN.

Well Known Port Orange Man Aspires to the Position of County Superintendent of Schools.

J. L. Pattillo will be a candidate for the position of county superintendent before the coming Democratic Primaries. Such was the information the gentleman imparted to a representative of this paper.

Mr. Pattillo was a candidate before the primary of 1904 but was defeated by Bert Fish. Now that Mr. Fish has tendered his resignation, Mr. Pattillo will again try for the plum.

Mr. Pattillo is a gentleman well known throughout the county and should he secure the nomination, his friends predict for him a capable and progressive administration of the school interests of the county.

Fine Lot Sold.

L. O. Smith, president of the Halifax River and Bridge Company, has purchased the desirable building lot on Beach street, next to the Aultman lot, at the corner of Orange avenue, from Attorney Bert Fish. The consideration was in the vicinity of \$1,000. J. W. Wilkinson negotiated the deal.

EDUCATIONAL DAY ENJOYED.

Palmetto Club Had Interesting Program
Thursday Afternoon.—Music and
Readings Especially Fine.

Thursday's meeting of the Palmetto Club was in charge of the Educational Department and was most enjoyable. There was an exhibition of sketches in water-color and pencil by the children of Miss Northrop's grade in the public school. Also some very creditable specimens of calligraphy.

The program was as follows:

1. Orchestra—Gloria from Farnes Mass.
2. a Nocturn—Chopin.
3. Violin Solo—Mrs. Miller.
4. Romance by Ambrogio.
5. Polonaise—Hans Litt.

1. Solo—Mrs. Wright.
 2. a Serenade—Neidlinger.
 3. "Deep in a Rose's Glowing Heart."
 4. Reading—"How Can the School and Home Co-operate More Effectively in the Ethical Training of the Child," by Mrs. W.O. Volante.—Read by Mrs. Esch.
 5. Solos—Major Downing.
 6. a Sonata—DeMeriot.
 7. Killarney and Mockingbird.
- The readings were most enjoyable, and the music was especially fine. Major Downing, as usual, charmed all with his master touch.

Unable To Play.

Owing to the rush of business, the members of the Daytona baseball team have come to the conclusion that they will be unable to accept the challenge of the Daytona High School team for a game of baseball this afternoon. They expect to be able to play a series of games in April.

The Next Attraction.

The Haywood-Sloan Company, a comedy and vaudeville show, will make its appearance at the Opera House on the 23rd inst. This company comes highly recommended, and Manager Osborn is quite pleased to book the attraction. The Manager is in correspondence with one or two other companies and he hopes before long to close dates.

A Poem for Today

On the Death of Joseph Rodman Drake

By Fitz-Greene Halleck

GREEN be the turf above thee,
Friend of my better days!
None knew thee but to love
thee,
Nor named thee but to
praise.

Tears fell when thou wert dying
From eyes unused to weep.
How long, where thou art lying,
Will tears the cold turf steep.

When hearts, whose truth was proven,
Like thine are laid in earth,
There should a wreath be woven
To tell the world their worth.

And I, who woke each morn
To clasp thy hand in mine,
Who shared thy joy and sorrow,
Whose wail and woe were thine,
Whose wail and woe were thine,

It should be mine to braid it
Around thy faded brow,
But I've in vain essayed it
And feel I cannot now.

While memory bids me weep thee
Nor thoughts nor words are free,
The grief is fixed too deeply
That mourns a man like thee.

A Hymn for Today

THE KING OF LOVE

By Sir Henry Williams Baker

THE King of Love my shepherd
is,
Whose goodness faileth never,
I nothing lack if I am his,
And he is mine forever.

Where streams of living water flow
My ransomed soul he leadeth,
And where the verdant pastures grow
With food and food he feedeth.

Perverse and foolish not I strayed,
But set in love he caught me,
And on his cross he saved me,
And home he brought me home.

In death's dark vale I fear no ill
With thee, dear Lord, beside me;
Thy rod and staff my comfort will,
Thy cross before to guide me.

Thou spreadst a table in my sight;
Thy unction grace bestoweth,
And, oh, what transport of delight
From thy pure chalice floweth!

And so through all the length of days
Thy goodness faileth never,
Good Shepherd, may I sing thy praise
Within thy house forever.

F. E. C. A. A. MAY GIVE UP RACES.

New Chairman of the A. A. A. Trying to Get
Control of the Ormond-Daytona
Beach Racing Events.

There is some talk of turning the Ormond-Daytona races over to the American Automobile Association, and J. De M. Thompson, the new chairman of the A. A. A., will endeavor to bring the races under direct control of that association.

The matter will be brought up at some future meeting of the Florida East Coast Automobile Association and the advisability of turning the races over will be discussed.

The New York Evening Sun, of March 9th, has the following:

Robert Lee Morrell, whose work as chairman of the racing board of the American Automobile Association during the past year gained the approval of all automobilists, was yesterday displaced by the election of Jefferson de Mont Thompson, a lawyer, of this city. Mr. Morrell flatly declined to serve again, although his re-election was assured had he desired to retain the office.

A chairman of the racing board, Mr. Thompson will also be chairman of the Vanderbilt Cup commission and will have the task of arranging details of the great contest next fall. He is not widely known but has been interested in the sport for several years, having witnessed nearly every contest for the Bennett Cup in Europe. His friends say that he will make a vigorous and efficient officer and will bring with him a wide knowledge of the practical side of conducting automobile races.

The new chairman favors a small body of active automobilists as members of the racing board and may declare in favor of only five members who

can be depended upon to think and act quickly in emergencies. Mr. Thompson is opposed to track racing, but favors competition on beaches, and will try to bring the Ormond-Daytona carnival under direct control of the A. A. A. He favors the use of the Nassau course for the next Vanderbilt Cup race, but thinks there should be a change in the course to eliminate the dangerous curves near the Guinea Woods.

Entertained.

Mr. and Mrs. Asa Paine, at their comfortable home on Ridgewood avenue, entertained in honor of a party of Minnesota people, among them being Mr. and Mrs. John W. Thomas and their two daughters, Misses Nellie and Alberta, also Mrs. J. M. Paine and Miss Ellen Paine, of Boston. The luncheon was quite elaborate and greatly enjoyed. The room was beautifully decorated with tropical plants.

To Make a Park.

J. N. Gamble, of Cincinnati, of Ivory Soap fame, who owns a handsome residence and piece of land at Silver Beach near the end of the South Bridge, has closed a contract with John C. Butler, of Daytona Beach, to clear the five-acre tract of land in front of his home on the river front, and beautify the property to such an extent that will make it a handsome park. After the land is cleared, many improvements in the way of cement walks, etc., will be made.

EX-MAYOR SMITH LEAVES SOON.

Will Depart Wednesday For Los Angeles, Cal., Where He Expects To Locate Permanently.

The friends of Hon. Charles L. Smith will regret to learn that he will leave the city next Wednesday for Los Angeles, Cal., where he expects to permanently locate.

Mr. Smith has long been a resident of Daytona, and he and his family for many years have been identified with the best interests of the city.

In recent years he has figured more or less in politics. He has served the city as Mayor, also the county as Representative in the Legislature.

Just what business Mr. Smith will pursue in California he has not decided upon, and for a while, at least, he will look into the channels of business, and see what will be the best for him to embark in.

**A liberal reward will be paid at this office for the return of diamond ring stolen from penitentiary home Wednesday night, March 11th.

Mr. and Mrs. J. N. Battendorf, of Cleveland, Ohio, arrived at the New Seaside Inn on Thursday, where they expect to spend some time.

MANY ARRIVALS FROM SOUTH.

Largest Crowd of the Season Arrives Thursday Afternoon.—Hotels Are Still Well Filled.

Before and after the departure of the two trains from the South Thursday, the Florida East Coast Railway station presented somewhat of a congested scene. The number of departures were unusually heavy, and there were seventy-five pieces of baggage that were the greatest in number known this season, and it is thought that nearly 150 people came up from the lower East Coast resorts.

Would Certainly Pay.

R. T. Coleman, who is a guest of The Clarendon, thinks that an electric road from the beach to the depot would be a paying investment. Mr. Coleman, who hails from Louisville, Ky., arrived a day or two ago from Rockledge, accompanied by his wife. He says that Rockledge is practically deserted, and he was greatly surprised to see so much activity in Daytona and at the beach.

Col. C. M. Bingham, Jr., has returned from a business trip to Jacksonville.

J. L. PATTILLO WILL RUN.

Well Known Port Orange Man Aspires to the Position of County Superintendent of Schools.

J. L. Pattillo will be a candidate for the position of county superintendent before the coming Democratic Primaries. Such was the information the gentleman imparted to a representative of this paper.

Mr. Pattillo was a candidate before the primary of 1904 but was defeated by Bert Fish. Now that Mr. Fish has tendered his resignation, Mr. Pattillo will again try for the plum.

Mr. Pattillo is a gentleman well known throughout the county and should be secure the nomination, his friends predict for him a capable and progressive administration of the school interests of the county.

Fine Lot Sold.

L. O. Smith, president of the Halifax River and Bridge Company, has purchased the desirable building lot on Beach street, next to the Aultman lot, at the corner of Orange avenue, from Attorney Bert Fish. The consideration was in the vicinity of \$1,000. J. W. Wilkinson negotiated the deal.

EDUCATIONAL DAY ENJOYED.

Palmetto Club Had Interesting Program
Thursday Afternoon.—Music and
Readings Especially Fine.

Thursday's meeting of the Palmetto Club was in charge of the Educational Department and was most enjoyable. There was an exhibition of sketches in water-color and pencil by the children of Miss Northrop's grade in the public school. Also some very creditable specimens of calligraphy.

The program was as follows:

1. Orchestra—Gloria from Farnes Mass.
2. a Nocturn—Chopin.
3. Violin Solo—Mrs. Miller.
- a Romance by Ambrosio.
- b Polonaise—Hans Litt.

1. Solo—Mrs. Wright.
 - a Serenade—Neidinger.
 - b "Deep in a Rose's Glowing Heart."
 5. Reading—"How Can the School and Home Co-operate More Effectively in the Ethical Training of the Child," by Mrs. W.O. Volbatter.—Read by Mrs. Esch.
 6. Solos—Major Downing.
 - a Sonata—DeMeriot.
 - b Killarney and Mockingbird.
- The readings were most enjoyable, and the music was especially fine. Major Downing, as usual, charmed all with his master touch.

Unable To Play.

Owing to the rush of business, the members of the Daytona baseball team have come to the conclusion that they will be unable to accept the challenge of the Daytona High School team for a game of baseball this afternoon. They expect to be able to play a series of games in April.

The Next Attraction.

The Haywood-Shan Company, a comedy and vaudeville show, will make its appearance at the Opera House on the 23rd inst. This company comes highly recommended, and Manager Osborn is quite pleased to book the attraction. The Manager is in correspondence with one or two other companies and he hopes before long to close dates.

Miss E. Louise Hoag, of Saratoga Springs, N. Y., who is spending the winter in the city, appeared at the New Seaside Inn, Thursday evening. Miss Hoag is an impersonator of considerable talent and her remarks about "Mr. Alderman Casey" were greatly enjoyed.

A Poem for Today

On the Death of Joseph Rodman Drake
By Fitz-Greene Halleck

GREEN be the turf above thee,
Friend of my better days!
None knew thee but to love thee,
Nor named thee but to praise.

Tears fell when thou wert dying
From eyes unused to weep,
And long, where thou art lying,
Will tears the cold turf steep.

When hearts, whose truth was proven,
Like thine are laid in earth,
There should a wreath be woven
To tell the world their worth.

And I, who woke each mornow
To clasp thy hand in mine,
Who shared thy joy and sorrow,
Whose weal and woe were thine,

It should be mine to braid it
Around thy faded brow,
But I've in vain essayed it
And feel I cannot now.

While memory bids me weep thee,
Nor thoughts nor words are free,
The grief is flared too deeply
That mourns a man like thee.

A Hymn for Today

THE KING OF LOVE

By Sir Henry Williams Baker

THE King of Love my shepherd is,
Whose goodness faith-ful-ly never
Forsakes me, for I am his
And he is mine forever.

When streams of living water flow
My ransomed soul he lead-eth,
And where the verdant pastures grow
With food and rest he feed-eth.

Persevere and faithful-ly I strive,
But yet in hope he count-eth me,
And on his cross he shed his blood
And now he calls me, "Be-lieve."

In death's dark vale I fear no ill,
With thee, dear Lord, beside me;
Thy rod and staff my comfort still,
Thy cross before me guide me.

Thou spreadst a table in my sight;
Thy nation grace be-fore-eth,
And, oh, what transport of delight
From thy pure chalice flow-eth!

And so through all the length of days
Thy goodness faith-ful-ly never,
Good Shepherd, may I sing thy praise
Within thy house forever.

Anchor For a Shark.

A party of enthusiastic fishermen were telling fish yarns at the Ridgewood Hotel the other evening. One prominent visitor from York State sprang the following, which carried off the bakery: "Seventeen feet from the tip of his nose to the tip of his tail." "Yes, sir," said one as he lighted a fresh cigar, the biggest shark that was ever caught. So big we had to use an anchor, a'gosh, to hook him.

"We saw something moving up-stream and thought at first it was a whale. He was just on the edge of the ice, and we crept out to him and bats him one over the eye with a pole. But that don't discourage him a bit. Instead he dives and comes up right under where we are standing on the ice breaks it and we go plumb into the water.

"We climbs out, wings the water out of our clothes and wipes it out of our eyes and sees Mister Shark right alongside the edge of the ice and pining for more excitement. We think it out lengthwise and then we goes off and borrow the loan of an anchor, grease it with fat pork and push the dainty out to the edge of the ice, so it dangled over a bit.

"Ever see a trout rise to a fly? Well, that's the way that shark rose to that anchor—just hove himself out of water, reached over for the anchor and swallowed it. Yes, sir, I'm a shad if he didn't swallow that 500-pound anchor at one gulp, and if we hadn't put a hawser on it and made it fast to a pier he would have got away with it, too.

"We tailed on to the rope and tried to haul him in, but it was an hour before we could get him near enough shore to beat him to death. He swished his tail so much that the ice cut into it, and the river was red—just dyed—and more of a dozen of us was knocked down by his tail before we got him ashore."

The Weather.

For East Florida—Fair tonight and Saturday; slightly colder tonight in central and southern portion; warmer Saturday.

Where it does swim. "I spent my winters in Samoa," said a traveler. "It is always summer there. There the babies swim. Can you imagine a quainter, a more charming sight than a host of babies, none over two years old, laughing and crowing and swimming like fish in pools of clear sea water? You will see this sight in Samoa. Samoan women believe sea baths benefit babies, and in that equable climate they bathe their little ones daily the year around. The youngsters soon learn to swim. They can swim before they can walk. And to see these pretty brown babies swimming in the sea is well worth a 5,000 mile trip to Samoa."—Philadelphia Bulletin.

During the reigns of William Rufus, Henry I. and Stephen all sorts of extravagant shoes were worn. The toes were sometimes long and pointed and sometimes made to curl like a ram's horn. Occasionally they were twisted in different directions, as though the feet were deformed. The clergy protested and threatened, but the fashion continued in spite of the maledictions. Several persons were excommunicated for wearing pointed shoes, but they took the risk.

To measure corn find number of cubic feet in crib, then multiply by 9 and divide by 20, which gives the amount in bushels. To determine amount of shelled corn to be obtained from crib, divide by 2, and the product will be the number of bushels of shelled corn, as two cubic feet of corn if sound and dry will produce one bushel of shelled corn.

To find the number of bushels of apples, potatoes, etc., in a bin multiply the length, breadth and thickness together and this product by 8 and put off one figure in the product for decimals.—Iowa State Register and Farmer.

RUSSELL PHARMACY
RELIEF FOR THE GROWERS.

Will Spray Orange Trees, and thereby Brighten the Fruit.—Preparation Comes As Great Relief.

Orange groves along the East Coast, and the Southern section of the State, have suffered considerably from the fruit fly, and as a consequence the whole business, either in the form of the Target Brand White Fly Destroyer, which have already demonstrated the fact that we have in this preparation, scientifically prepared by a chemist that has been established for many years, and has various trials and tests have been made on the market, a sure death-destructor of the insect and larvae wherever it comes in contact with them, and does no injury to the tenderest new shoots.

Many of the East Coast groves in this State spray several times a year to secure bright fruit and healthy trees. Our groves, now that they have the remedy right at hand, ought to have their season for spraying just as regularly as they do in Florida. If we do our groves will produce their growth and bearing surface and the resulting crops will contain more than any for the trouble in appearance, quantity, quality and in the increased price that will be received. The greatest trouble has heretofore been the difficulty and inconvenience in preparing the ruin wash usually used for spraying purposes. Now that this new material, the Target Brand White Fly Destroyer, can be obtained in any quantity and may be quickly diluted to the proper volume with water, half the trouble is already over and the rest is no greater than for the ordinary wash.

YACHT ROWENA AGAIN IN PORT.

Col. McQueen And Party Return From Delightful Cruise In South Florida And Cuban Waters.

The yacht Rowena, owned by Col. D. F. McQueen, of Saratoga, N. Y., arrived in port Thursday, and has meetings in the street, near the South Bridge. The Rowena was to port several weeks in January, and left here with the intention of the owner making the trip to Detroit, via the Mississippi River. Upon arriving at Key West it was found that the boat was not to go under some of the bridges, so it was decided to return to Saratoga by the same route as they came South. The party on board report having a very pleasant trip, cruising in South Florida and Cuban waters.

Best Riders To Come

President Pease, of the Florida Cattle and Automobile Association, in speaking Thursday afternoon with a representative of The Daily News, said that the cowboy tournament to be held next March will certainly be a success, if the material can be brought. He said that only the best riders will be invited to come and compete, but the best will be accepted. President Pease spoke very favorably of the desire of the American Automobile Association to secure control of the Orlando-Daytona race. He said that it would be a great relief to members of the association and himself.

The guests of the New Seaside Inn will give a sacred concert in the parlors of the hotel Sunday evening. There is some good material talent in the house, and the concert is greatly enjoyed.
